Zurich Risk Advisor

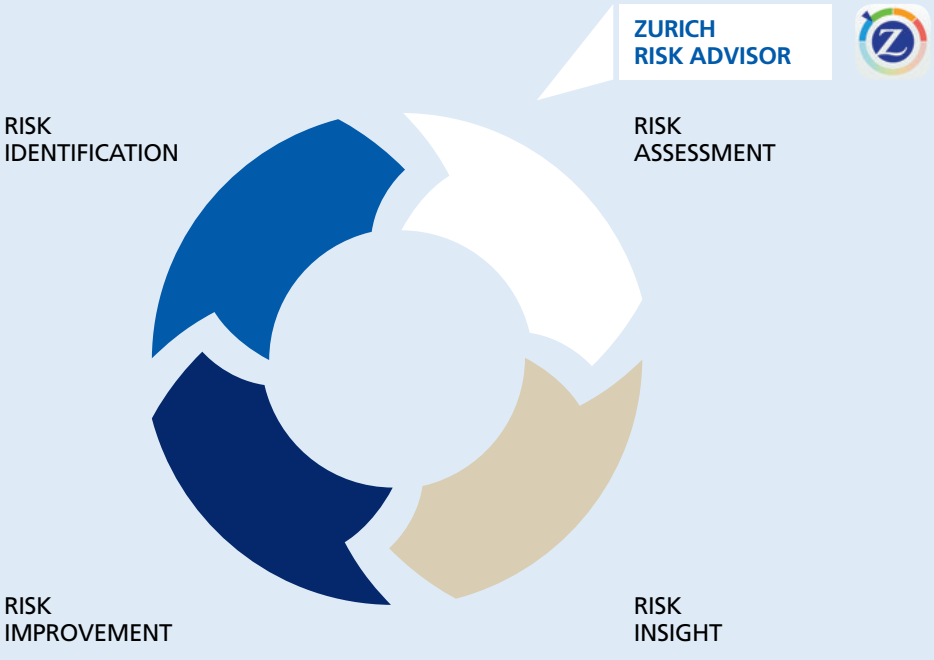
Helping you assess your risks

At Zurich we have the resources, experience and tools to deliver insights at every stage of your risk management journey. Our consistent approach makes planning for the unexpected easier, helping you implement your organizational risk management strategy effectively and efficiently.

Assess and manage your risks

Zurich Risk Advisor makes risk assessment easier to understand and provides you with insights and recommended practices that enable you to carry out self risk assessment. It is a key element of our support at the risk assessment stage.

It has been acknowledged by Bain & Company as a tool that helps Zurich to rank highest among its peers in the risk assessment stage while servicing commercial customers.*



*Read the report http://www.bain.com/publications/articles/uncovering-elements-of-value-in-commercial-insurance.aspx

Empowering your entire risk management strategy

With Zurich Risk Advisor you can:

- carry out risk assessments, using Zurich's tried-and-tested risk grading methodology. Currently you can perform fire and employers liability risk assessments*
- view your own and Zurich Risk Engineering risk assessments on My Zurich
- prioritize risk improvement actions by seeing their impact on your risk grading
- share your self risk assessment reports with key risk stakeholders by email
- access recommended practices, risk insights and industry benchmarks
- capture and document the outcomes of Zurich's Hazard Analysis methodology.

* Status May 2018, we are continuing to add new assessment types, find out more on www.zurich.com/ZRA

Document a Zurich Hazard Analysis

	Brainstorming hazard scenarios
	Generating a risk profile
	Setting tolerance boundaries
	Devising a plan of prioritized risk improvements

Identify hazards and analyze risk in a quantitative manner.

We recommend that trained Zurich Hazard Risk Analysis facilitators lead the team through analysis process.

Complete picture of your fire risks

		Full assessment	Light assessment
	The construction of buildings	Y	Y
	Hot work management programs	Y	Y
	Fixed fire detection and protection	Y	Y
	Utility and incidental hazards	Y	N
	Process hazards	Y	Y
	External exposures and arson	Y	N
	Manual fire fighting	Y	Y

Assess your company's fire risks across the globe by choosing a full or light risk assessment covering the above categories.

Optimize your risk improvement actions

Zurich Risk Advisor is a unique digital platform that provides a suite of self-service risk engineering tools. Using Zurich Risk Advisor can give you powerful insights across your risk value chain that further enable you to get the most from your risk improvement actions and budget.

Better informed decisions around risk improvement actions

With the *"What if"* functionality see the difference between the existing risk status – *"As Is"* – and how it's expected *"To Be"*. Use the tool to see how different risk improvement actions (RIA) could impact your overall risk grading and access best practice risk insights under the "What If" Risk Factors section.

All your risk assessment data at one place of your choice – Zurich Risk Advisor or My Zurich

Regardless if the risk assessment was performed by Zurich employees or another person, you will be able to see all of them in one place.

My Zurich customers should choose the 'Use My Zurich Login' option when using the App so that it can be shared with Zurich and displayed in My Zurich.

Complete picture of your employers liability risks

	Full assessment	Light assessment
Your health and safety management system	Y	Y
Your commitment and culture for managing risks	Y	Y
Safety risks in your organization	Y	N
Health risks in your organization	Y	N
Claims defensibility in your organization	Y	N

Assess your employers liability risks across the globe by choosing a full or light risk assessment covering the above categories.
