About this Target Market Determination

This Target Market Determination (TMD) is prepared by Zurich Australian Insurance Limited (Zurich), ABN 13 000 296 640, AFS Licence Number 232507. In this document, Zurich may also be expressed as 'Zurich', 'we', 'us' or 'our'.

The purpose of this TMD is to provide information about the target market for which this product has been designed.

This TMD is not intended as a consumer-facing disclosure document and does not provide personal advice or form part of the terms and conditions of the product.

Zurich recommends that customers contact their broker or distribution partner and read the relevant Product Disclosure Statement for full details on cover to determine whether the product is appropriate for their objectives, financial situation and needs.

Target Market for Single Transit Insurance (within Australia)

Who is this product intended for?

The product is intended to provide cover for an Australian customer or business seeking to insure a single sending of goods (other than for home removals such as moving house) or livestock, anywhere within Australia.

The product is designed for customers seeking a range of insurance covers to mitigate financial loss. These covers vary depending on which of the following cover type selected:

Comprehensive cover for goods

- loss of or damage to goods caused by accident or deliberate act of a third party

Defined Events cover for goods

- loss of or damage to goods caused by a defined event such as fire, explosion, collision, overturning; and can include or exclude theft

Comprehensive cover for livestock

- death of livestock caused by accident or natural causes of slaughter for humane reasons

Defined Events cover for livestock

- death of livestock caused by a defined event such as fire, explosion, collision, overturning; but does not include theft

It is designed for customers to choose the appropriate cover types and options.

The product contains different cover benefits depending on the selected cover type and has a range of specified covers as well as optional covers that may be available to customers at a varied cost.

Who is this product not intended for?

This product, despite the comments above, is not intended for customers who wish to cover:

- cash, banknotes, jewellery, precious gems, bullion, stamp or other collections or documents of value
- living plants
- pets of any kind
- delay, loss of market or consequential loss
- loss or damage to goods from wear and tear
- moth, vermin, normal atmospheric or climactic conditions or inherent vice
- mechanical, electrical or electronic breakdown or malfunction of goods
- loss of data from any computer hardware or software
- any process or use, trial, testing or repair

Where a customer falls outside the target market for this product, Zurich recommends that the customer speaks to their broker or distribution partner to assist them with determining whether this product meets their objectives, financial situation and needs.

How is this product distributed?

This product is distributed through brokers and distribution partners with whom Zurich has an established relationship and who are licensed to the extent required by law.

Brokers and distribution partners work with us to ensure that the product is distributed to customers in accordance with this TMD.

In distributing this product, brokers and distribution partners are required to provide us with information and take reasonable steps to ensure that the product is distributed to customers in compliance with the distribution requirements for this product such that customers are likely to meet their objectives, financial situation and needs.

Conditions and restrictions that may impact the distribution of this class of product include:

- those imposed from time to time under Zurich's underwriting criteria and portfolio management activities
- regulatory requirements and obligations

Review of this TMD

To keep this TMD up to date, this TMD may be reviewed at any time, including when specific events or circumstances arise that suggest the TMD is no longer appropriate and trigger a review.

Such events and circumstances that may trigger a review include:
